# PARATEX

PEST PREVENTION SINCE 1908

## CAPABILITY STATEMENT

Paratex is one of the Oldest Continuously Operating Family-Run Pest Prevention & Fumigation Companies in The Pacific Northwest. Trusted **Since 1908** for Reliable Pest Prevention by Commercial Customers of Every Scale in Every Industry.

## CORE COMPETENCIES

- Commercial and Residential Integrated Pest Prevention Programs
- Chamber and On-Site Non-Residual Fumigation
- Large-Scale Facility Bird Control and Exclusion
- Structural Rodent Exclusion, Monitoring & Abatement
- Establishing & Maintaining Compliance for Food Storage and Distribution Logbook-Audited Accounts
- Licensed By the WA State Dept of Agriculture for All General PCO, Structural (Wood-Destroying Organism) Pest Control, Fumigation, Stored Grain and Wildlife Control
- Developing IPM & LEED-Compliant Programs

## DIFFERENTIATORS

**One of the oldest continuously operating Pest Prevention and Fumigation companies in Washington State**

- Family Owned for Over 100 Years Providing Northwest Target Pest Prevention and Remediation
- Specializing in Food Safety Compliance & Healthcare Protocols
- Direct Line to Ownership, No Middle Management in Far Away Places, Rapid Response Times, Locally Engaged in the Community
- Average Technician Tenure Over 5+ Years, Low Turnover
- Licensed Chamber Fumigation to Treat All Life Cycles of Fabric/Food Pests, Wood-Destroying Organisms and Bed Bugs with Non-Residual Gas - Practicing Safely for 100 Years

## ASSOCIATIONS & BOARD SERVICE

*Paratex has been the vendor of choice for **Multicare** for several years. They consistently display a deep insight of specific needs for pest control in a healthcare setting. Their dispatch and follow up are very responsive, professional, and sophisticated. They ensure patient safety is paramount in the use of chemicals and targeting. They take time to engage with the tenants/staff, communicate clearly what is needed and provide recommendations. In short, they are a full-scope partner with MultiCare and are a proven great asset to the facilities and property management teams.*

**-Rick Dow- Environmental Services, Multicare Healthcare System**
